EXECUTIVE DIALOGUE

MODERNISING BANKING WITH TRUST AND RESILIENCE

Date: Thursday, 26 November 2026 **Venue:** JW Marriott Hanoi

Vietnam's financial services sector is at an inflection point. The economy grew by around 8% in 2025 and is targeting 10% in 2026, digital adoption is accelerating, and regulators are setting a fast pace. The institutions that move decisively on core modernisation, AI and data sovereignty will define the next decade.

DXC Technology invites a small group of senior banking and financial services leaders to an afternoon of candid, peer-to-peer conversation, followed by cocktails and dinner.

THREE THEMES. ONE CONVERSATION.

01

Modular Core Transformation

How do you re-platform the core without breaking the business?

02

Grow with Trust

How do you scale AI without losing customer confidence?

03

Sovereign-Ready

Are you compliant today, and will you stay compliant tomorrow?

No presentations, no pitches. An open, interactive roundtable shaped by the questions on your mind.
